

BEYOND THE STAGE

*Music's Greatest Work
Begins After the Applause*

An annual celebration of music's enduring social impact

Organized by Give A Note Foundation • Music Has Healing Power • Rhythm & Relief

Music's greatest work begins after the applause—in classrooms where creativity is discovered, in hospitals where healing begins, and in communities where music restores connection, hope, and belonging.

***Beyond the Stage* celebrates music not simply as entertainment, but as one of society's most powerful forces for education, healing, and human connection.**

Through intimate performances, unexpected collaborations, and conversations that reveal the stories behind the music, the evening brings together artists, audiences, and supporters who share a belief in music's enduring capacity to enrich lives and strengthen communities.

More than an evening of performance, *Beyond the Stage* is the beginning of an annual tradition celebrating music's lasting contribution to society.

MUSIC TEACHES US • MUSIC HEALS US • MUSIC CONNECTS US

Three Expressions of One Mission

Give A Note Foundation: Expanding access to music education and ensuring every young person has the opportunity to discover their creative voice.

Music Has Healing Power: Bringing hope, comfort, and healing to children and families through the transformative power of music.

Rhythm & Relief: Supporting organizations working at the intersection of music, health, and community to improve lives through the power of music.
